

Advanced Study Tips

1. Set Clear Goals

- Define what you want to achieve in each study session.
- Focus on one topic at a time.

2. Use the Pomodoro Method

- Study for focused periods.
- Take short breaks to refresh your mind.

3. Practice Retrieval

- Close your notes and try to remember information.
- Test yourself regularly.

4. Learn From Mistakes

- Review wrong answers.
- Understand why the mistake happened.

5. Organize Your Materials

- Keep notes, books, and resources arranged.
- Make important topics easy to find.

6. Build Exam Confidence

- Practice under exam conditions.
- Manage your time during tests.

7. Stay Consistent

- Regular study is better than last-minute studying.
